

Ed Sbordone

Candidate for Town Treasurer, New Fairfield

Ed is currently serving as **Acting Treasurer for the Town of New Fairfield** following the passing of Mr. Phillip A. Cammarano in January of 2019.

Ed is a financial professional with extensive experience in municipality finance and at a Fortune 100 Company. Expertise includes financial and investment analysis, budget preparation and analysis, management and external financial reporting, and various human resource matters, including performance compensation and quality improvement process education and

training. Major strengths include managerial, analytical and technical skills.

Ed has lived in New Fairfield since December of 1995. Since 2003, Ed has been elected to the following Town positions: Board of Finance (Alternate, 03-05; Full Member 05-07), Library Board of Directors (07-11), and Board of Education (15 - present). Currently, Ed is the Town's Finance Director and Acting Treasurer and has been employed by the Town since 2006 in various financial positions. Besides the Board of Education, he is also a member of the Town's Permanent Building Committee.

Ed is running for Treasurer because he wants to continue the strong financial leadership and stewardship of the former Treasurer, Phil Cammarano, who trained Ed on the duties of Town Treasurer for the past 13 years.

Ed understands the importance of commitment as the **Town Treasurer** and its important role in serving the citizens of New Fairfield.

If elected, Ed pledges to:

- Continue Phil Cammarano's legacy in the day-to-day activities of the Treasurer to ensure the long-term bonding and financial well-being of the Town.
- Ensure that the proper checks and balances are in place and that no conflict of interest exists between his position of Finance Director and Treasurer.
- Make sure that the bonding process for the school projects is executed efficiently and with the lowest cost to New Fairfield taxpayers.

“The bonding of the proposed school building projects now under consideration is the main challenge facing this important position. I have been an integral part in the development of many various bonding scenarios for these projects. I have a direct relationship with the Town's external Financial Advisor and Bond Counsel, which will provide a great advantage over other candidates seeking the Treasurer position.”
