Democratic Town Committee Announces Endorsement of Candidates for Re-election as First Selectman and Selectman

New Fairfield Connecticut, June 29, 2021 - The New Fairfield Democratic Town Committee is proud to announce that it has endorsed the re-election of First Selectman Patricia Del Monaco and Selectman Khristine Hall in the November 2021 local elections. The team of Del Monaco Hall will provide the leadership and expertise to continue to move New Fairfield forward.

“Under the direction of First Selectman Pat Del Monaco, New Fairfield weathered the storms and the pandemic of the past four years. The Town provided quality services to residents and began the work of strengthening town infrastructure during the challenging times of the past few years. Pat’s focus on improving town docks, roads and bridges, together with her support for constructing two new schools will put New Fairfield on a sound path for the future,” said Josh Beckett Flores, Chair of the Democratic Town Committee. “Her work with other communities to hold EverSource accountable in the Public Utilities Regulatory Agency (PURA) will lead to improved performance by EverSource during storms,” he added.

“Selectman Khris Hall’s leadership in establishing and managing the New Fairfield/Sherman Vaccination Clinic staffed by volunteers provided residents with a caring and convenient location for vaccinations and helped bring our community to a healthier state in the midst of the pandemic,” said Beckett Flores. “We are proud of everything Pat and Khris have accomplished and look forward to their continued leadership.”

Pat and Khris said, “It has been our privilege to have served the residents of New Fairfield during what for many was the most difficult year of their lives. We are proud of our record of providing quality services to New Fairfielders during such challenging times and look forward to continuing to do so. If re-elected, we pledge to use our experience to keep New Fairfield safe and to responsibly manage town services during difficult times. We will continue to focus on development in the business and commercial section of town, to keep the schools construction project on time and on budget, and to work to provide additional recreational opportunities to residents.”
