

# Khris Hall

## Candidate for Board of Selectmen, New Fairfield

Khris is currently on the **New Fairfield Board of Selectmen**.

Khris Hall was elected to the Board of Selectmen in November 2017. As Selectman, she has been actively involved with a number of community activities, including managing the New Fairfield/Sherman Vaccination Clinic, providing emergency services after Tropical Storm Isaias; co-running the shelter in the aftermath of the May 15, 2018 storm; working with the

Candlewood Lake Authority and Friends of Ball Pond to protect our natural resources; and working to establish a walking trail along Margerie Reservoir. Khris enjoys hearing from New Fairfield residents at her Listening Hours and during these community activities.

Prior to her election, Khris was a reporter covering New Fairfield boards and commissions and politics for the New Fairfield/Sherman *Town Tribune* and *Citizen News* and for her own online blog. New Fairfield has been Khris's home for 25 years. She has five children in a blended family, including two who graduated from New Fairfield High School, and five grandchildren. Khris has a B.A in Slavic Languages and Literature and a J.D. – both from the University of Kansas. Prior to her involvement in the community, Khris worked for IBM for 31 years in a number of areas, including Environmental Programs, Governmental Programs, and as a Project Executive running multi-million dollar projects.

Khris understands the importance of commitment to the **Board of Selectmen** and its important role in serving all the citizens of New Fairfield. Khris pledges to work together cooperatively and across party lines with our other boards and commissions to serve the residents of New Fairfield.

### If elected, Khris pledges to:

- Work with First Selectman Pat Del Monaco and our Boards and Commissions to continue to improve management of the town and its programs and resources and to keep town government open, engaged, and responsive.
- Support reasonable economic development consistent with the existing character of New Fairfield.
- Work with the City of Danbury and our state delegation to fund and construct a path alongside Margerie Reservoir and to support the Candlewood Lake Authority, Friends of Ball Pond, and interested residents in their actions to protect our natural resources and make them more accessible.

*“The last four years have been full of challenges. I have enjoyed serving New Fairfielders through the tough times we experienced and am proud of what we have accomplished by working across party lines with other Boards and Commissions. I look forward to continuing to serve the residents of New Fairfield.”*
